Hunter Hammersen

Curiosity cabinets were collections of wonderful objects brought together to inspire, delight, and inform. Presented here, in this second volume of the series, is a knitter's interpretation of a curiosity cabinet. It is an assemblage of lace and cables and ribbings (instead of the more traditional rocks and shells and leaves) that have been brought together to create 18 new patterns. Inside you'll find nine socks, three hats, three cuffs, two cowls, and one shawl. There's sure to be something worthy of being added to your own collection of knitted treasures.
