Indestructible (World Around Us) Cristy C. Road

The follow up to *Greenzine #14*; Cristy Road now offers up a novel about her years in grade school and high school in Miami - valiantly trying to figure out and defend her gender identity, cultural roots, punk rock nature, and mortality. You know that the artwork alone in here makes this a page-turner and the whole package more exciting. Cristy has always existed to remind us of the strength and ability of punk youth - for addressing things like rape, homophobia, and misogyny. This is no exception; giving voice to every frustrated 15-year-old girl under fire from her peers for being queer or butch or punk.
