The captive in Patagonia; or, Life among the giants;: A personal narrative Benjamin Franklin Bourne

After the contradictory statements of voyagers as to the giants of South America, there may be some curiosity to hear the testimony of one who has seen the elephant under circumstances that enabled him to measure its proboscis. My story is a plain one, a simple record of facts, but not, I would hope, tedious. It offers no feats of literary agility for the critics inspection, but a recital of human experiences and observations, sufficiently aside from the beaten track of life to have attracted a degree of attention which flatters me with the belief that they will repay a nearer and more minute survey.
