Carta enciclica sobre el cambio climatico y la desigualdad: Laudato Si': Sobre el cuidado de la casa comun (Spanish Edition) Papa Francisco

Este es el texto completo de *Laudato Si'*, la carta encíclica histórica del Papa Francisco que, como la revista *Time* ha comentado, ha “conmovido a la comunidad internacional”.

En la Carta encíclica sobre el cambio climático y la desigualdad, el celebrado Papa exhorta al mundo a que combata la degradación ambiental del medio ambiente y su impacto sobre los pobres. En una llamada inspiradora que no está sólo dirigida a lectores católicos, sino también a una audiencia mucho más amplia, el Papa cita una aplastante evidencia científica, que no deja dudas sobre la existencia del cambio climático y su origen en un nivel histórico de distribución desigual de la riqueza.

En breve, como el *New York Times* lo calificó, es “un llamado urgente a la acción ... para convencer a seguidores en todo el mundo de que modifiquen su conducta, con la esperanza de proteger a un planeta frágil.”

The complete text of *Laudato Si'*, the landmark encyclical letter from Pope Francis that, as *Time* magazine reported, “rocked the international community”

In the *Encyclical on Climate Change and Inequality*, the beloved Pope exhorts the world to combat environmental degradation and its impact on the poor. In a stirring, clarion call that is not merely aimed at Catholic readers but rather at a wide, lay audience, the Pope cites the overwhelming scientific evidence of climate change, and does not hesitate to detail how it is the result of a historic level of unequal distribution of wealth.

It is, in short, as the *New York Times* labeled it, “An urgent call to action . . . intended to persuade followers around the world to change their behavior, in hopes of protecting a fragile planet.”
