The Extramarital Affair Herbert S. Strean

An extramarital affair is, according to Dr. Herbert Strean, a form of neurotic behavior that reflects the person's unresolved childhood conflicts and present level of maturity. Using numerous case histories that provide excellent illustrations, he describes conflicted marriages and the expectations, dissappointments, and frustrations of those who use affairs as a means of escape. Issues such as mate choice, types of marriages, spouses' reactions, and unconscious compliance add depth and complexity to this important and often provocative subject.
