Chicano Politics and Society in the Late Twentieth Century

Chicano Politics and Society in the Late Twentieth Century

The various protest movements that together constituted the Chicano Movement of the 1960s and 1970s urged a "politics of inclusion" to bring Mexican Americans into the mainstream of United States political and social life. This volume of ten specially commissioned essays assesses the post-movement years, asking "what went wrong? what went right? and where are we now?" Collectively, the essays offer a wide-ranging portrayal of the complex situation of Mexican Americans as the twenty-first century begins.

The essays are grouped into community, institutional, and general studies, with an introduction by editor Montejano. Geographically, they point to the importance of "Hispanic" politics in the Southwest, as well as in Chicago wards and in the U.S. Congress, with ramifications in Mexico and Central America. Thematically, they discuss "non-traditional" politics stemming from gender identity, environmental issues, theatre production, labor organizing, university policymaking, along with the more traditional politics revolving around state and city government, the Congressional Hispanic Caucus, and various advocacy organizations.
