The Directory of UK Food Transport and Logistics 2004 Minto Gordon

This fully photocopiable publication is a companion volume to "The Transport Manager's and Operator's Handbook". It lists almost 4000 food and food-related storage locations in the UK, along with contact details for specialist support service companies, such as refrigeration engineers. Thus, should drivers experience any mechanical problems whilst on the road, the appropriate support service details are at hand. The book also features directions (written from a truck driver's perspective) to these facilities - particularly useful for regional distribution centres which have precise and limited time slots allowed for delivery. Finding the quickest and easiest route saves on driver time and running costs and allows drivers to make more efficient use of the maximum permitted driving time monitored by the tacograph.
