Incorporate inquiry-based practices into your early childhood classroom or family child care program. Inspired by an approach to teaching and learning born in Reggio Emilia, Italy, *The Language of Art* emphasizes investigation anchored by drawing, painting, and other art activities. It provides:

advice on setting up a studio space for art and inquiry
studio explorations designed to give children a basic fluency in art
suggestions for documenting children's developing fluency with art media and its use in inquiry
guidelines for using children's new-found fluency as a tool for investigation.

Even if you use a space not designed specifically for art instruction or even for an early childhood program, *The Language of Art* shows how you can simply start where you are.
