What does work mean to you? Why do you like it? Why is work so important? Why do we give it such a place in our lives? What is it about work that makes us feel so good?

Better Than Sex is about what you're trading off in your love affair with work, and about what you can do to change the deal.

Helen and Catherine are in a perfect position to examine how much work has changed in the last few decades and where it is heading, because their work is about work. Helen Trinca and Catherine Fox have worked as business journalists for much of their life. They spend their time thinking, writing and talking about the way jobs are organised, the way companies are run and the way power operates in offices.
