The Power of Awareness Neville Goddard

Neville Lancelot Goddard (1905-1972) was one of the most influential Metaphysics teachers and New Thought authors of the 20th century, whose writings and ideas continue to grow in relevance and popularity well into the 21st century. Neville Goddard's classic *The Power of Awareness* gives readers the tools to understand and manifest what they desire in their lives. The author does this without invoking the bondage of dogma found in so many religions and paths with masters. Instead of relying on religious doctrine or the "wisdom" of a master, he shows that we can be our own masters of destiny working with the power of God within us.
